Score		95%	95%

PROJECTS

Sky Airlines | September 2023 - November 2023
- Created an app using Salesforce for flight bookings and maintaining all its records. I worked on LWC, Apex, Triggers, Visualforce Pages, Work Flows for this project.

BINARY TWISTED PAIR - DNA INSPIRED SYMMETRIC KEY CRYPT OGRAPHIC ALGORITHM TECHNIQUE | March 2023 - June 2023
- This project is about creating an encryption algorithm for all the files while storing them in the cloud. I created a symmetric encryption and decryption algorithm. This algorithm is much more efficient than other symmetric-key algorithms.
I worked on cryptography, HTML, CSS, JS.
